2. Routine use of gloves or other precautions to prevent skin and mucous membrane exposure when contact with blood or other body fluids is anticipated.
3. Immediately wash hands and other skin surfaces if contaminated (in contact) with blood or other body fluids. Wash hands immediately after removing gloves.
4. Clean all blood contaminated surfaces and equipment with a solution made from a proper dilution of household bleach (CDC recommends 1-100) or other disinfectants before competition is resumed.
5. Practice proper disposal techniques to prevent injuries from needles, scalpels and sharp instruments or other devices.
6. Although saliva has not been implicated in HIV transmission, to minimize the need for emergency mouth-to-mouth resuscitation, mouthpieces, resuscitation bags or other ventilation devices should be available for use.
7. Athletic trainers/coaches with bleeding or oozing skin conditions should refrain from all direct athletic care until the condition resolves completely.
8. Contaminated towels should be properly disposed of/disinfected.

NATIONAL HIGH SCHOOL GYMNASTICS CHAMPIONSHIP SELECTION GUIDELINES

I. PHILOSOPHICAL OBJECTIVES

It is the goal of the Association to select the best team to represent the Texas High School Gymnastic Coaches Association. The primary objective of our Association is to achieve the highest possible national ranking; therefore the Association has the responsibility to choose the strongest competitive individuals to meet this goal.

II. NATIONAL HIGH SCHOOL MEET SELECTION PROCESS

1. TEAM SELECTION—The Technical Committee will meet after team competition at the State Meet to consider gymnasts to compete in the National High School Gymnastics Meet. The selection will be based on 100% of his/her state all around and individual event score. Only optional scores will be used and only High School seniors who have competed in Texas High School Gymnastics for two (2) years are eligible. National Team Selection—Top two all arounders and the top two individuals on each event, not to exceed number allowed by NHSGCA. Seniors eligible to be considered for the National Team must submit a commitment form signed by the gymnast and his/her parent to the Vice-President at the State Meet. Competition uniforms (except for warm-up) provided to National Team members must be returned to the association.

2. COACH SELECTION—The National Meet requires one coach for each team. The selection of the designated coach to represent Texas at the National High School Gymnastic Championship Meet will be made by the Technical Committee at the same time the team is chosen. A Technical Committee member who has a gymnast on the team shall be excluded from the selection process (voting). The selection of the designated coach shall be based on: 1) having a gymnast chosen to represent Texas at the National High School Meet and 2) on the coach's qualifications. The National Lead Coach will receive \$500 per diem to use for travel, food hotel, ect.

III. PETITIONING FOR TEAM SELECTION

In keeping with our primary goal of achieving the highest possible national ranking, all senior all around gymnasts will be considered. There may be times when a gymnast, due to circumstances beyond control, will not be able to compete in the regional and/or state championships but would like to be considered for selection to the National Team. Listed below are the procedures for the petition process to the National Team; if the Technical Committee believes the petitioned athlete can help improve the "competitive edge" of the team he/she may be chosen.

1. INJURY PETITION—If a gymnast is a worthy National Team competitor and becomes ill or is injured prior to the Regional Meet, the coach may submit a petition to the Regional Technical Director who will submit the petition to the entire Technical Committee for consideration. The petition should include: a medical report from a physician, 5 score sheets (as for the All American process, with the average scores replacing the missing meet) and a letter from the gymnast's coach. Athletes that are academically ineligible or otherwise ineligible at the time of Regional Championships are not eligible to be petitioned to the National Meet.

2. PETITION TO COMPETE AT STATE MEET—The top three senior girls (who are NOT on a state qualifying team) on an event at their regional championships may petition to the State Meet. This will allow them to compete for a score in the Optional competition only, and for the purpose of qualifying for the National Team only. This petition must be in the hands of the President of the THSGCA no later than 5 days after the completion of that gymnast's Regional Championships.

IV. FUNDING

The head/lead coaches will have their warm-ups and entry fees for the National High School Meet provided by the Association. It will be the responsibility of the coach/athlete to provide for their own travel expenses until such time that the Association can provide for funding. At this time, the THSGCA is seeking outside funding to help defray expenses for coaches/athletes to the National Championships.
